MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Defense Systems Affordability Council

In order for the Defense Systems Affordability Council (DSAC) to maximize its efforts regarding affordability issues, I have expanded the DSAC composition to include the Deputy Under Secretary of Defense for Logistics. The DSAC's total ownership cost reduction initiative is relying on logistics as the critical link between modern war-fighting and modern business practices. We need to transform our logistics processes to take advantage of modern information technology, transportation methods, and supply chain management.

The next meeting of the DSAC is scheduled November 16th, 2:00 p.m. - 3:30 p.m., 3D1019. A read ahead for this meeting will be sent under separate cover. I look forward to seeing you there.
